Benton County Board of Commissioners has one opening on the Solid Waste Advisory Committee. The Solid Waste Advisory Committee is a seven member committee consisting of one citizen-at-large per commissioner district and two county commissioners. The committee reviews and makes a recommendation to the Benton County Board regarding SCORE Grant applications. Further, the group provides recommendations on various solid waste related issues such as proposed regulation. Typically, the Solid Waste Advisory Committee meets quarterly and the members shall be paid a per diem, currently \$60 and their mileage in an amount to be determined by separate action of the County Board.

The Board will be appointing a new member from District 5, Commissioner Jake Bauerly's District. If you are interested in the areas of solid waste, recycling and would like to serve on the Solid Waste Advisory Committee, please send a letter of consideration, describing your interest and background to Benton County Department of Development Attn. Mark McNamara or Roxanne Achman, Government Center, 531 Dewey St. PO Box 129 Foley, MN 56329.
