Signature Samuel J. DeLeo Date 1-15-2001 License No. 40341

Title: Land Surveyor Professional Engineer County Surveyor County Engineer

Statement of Evidence

East Quarter Corner of Section 29, Twp. 38 N, Rng. 31 W
4th P.M., Benton County, Minnesota

Copies of notes from the original GLO survey, located in the office of the Benton County Highway Department, state that a wood post in a mound was set to mark the corner with a pit 8 links East.

July 1969; in a survey of M. Carley/ M. B. Lang, Job 69-214, page 130, dtd. 7/7/69, on file in the office of David Regan PLS, specify the corner as being marked by an "I. M." and being replaced. The type of monument used to replace the "I. M." is not specified.

October 1976; William Lunser, RLS #9394, found a ½" iron pipe (RLS #855). Reference ties were recorded and a Certificate of Location of Government Corner was made, dated 10/19/76.

September 1979; In a survey of M. Carley/ M. B. Lang, Job 80-1190 & 78-5192, page 44, dtd. 9/5/79, on file in the office of David Regan PLS, specify the corner as being marked by a ¾" I M #855. This is the registration number of M. Carley.

May 1983; Lunser's 1976 certificate was updated by placing a Benton County cast iron monument in place of the ½" iron pipe. Revision notes were made on Lunser's 1976 certificate. Certificate is on file at the Benton County Highway Department.

A Minnesota Department of Highways R/W map labeled "Belt Line in Rice", date unknown, also shows a symbol for the corner and distances from the alignment of TH 10 to the corner. It doesn't specify a monument type for the corner. This map is on file at the Minnesota Department of Transportation Office in Baxter and in St. Cloud.

November 2000; Sam DeLeo, RLS #40341, found a Benton County cast iron monument. New ties were recorded and a new Certificate of Location of Government Corner was made.

CERTIFICATE OF LOCATION OF GOVERNMENT CORNER

I hereby certify that on the 19 day of Oct., 19 76
 I did find _____ the E $\frac{1}{4}$ corner of Section 29,
