The North Quarter Corner of Section 36, Township 38 North, Range 31 West, East Langola Township, 4<sup>th</sup> Principal Meridian, Benton County, Minnesota.

On March 6, 1978 Ronald Engelmeyer set a RR spike at the centerline of an east/west road and occupation fence lines from the north and south. A Certificate of Location (#151568) was filed.

On July 19, 2001 Westwood Professional Services, Inc. found a RR spike at the intersection of the centerline of County Road 2 (running east and west) and fence lines from the north and south, which checked with Engelmeyer's ties. We also searched for the possible GLO bearing tree to the south. We found several large oak trees in the area, but none could be positively identified. The closet was a 24" Oak S 10 E at 297 feet or 450 links.

On November 15, 2002 Westwood Professional Services, Inc. set a PK at the location of the found RR spike after road construction.
