I hereby certify that this document was filed in this office at ___; ___ .M. on the ___ day of _____, 20___.

County Recorder _____

By _____, Deputy

DOCUMENT NO. _____

STATEMENT OF EVIDENCE:

No records were found to identify this corner after its original placement by the U.S. Government Survey.

A search of the area revealed a forty penny spike at the intersection of a north-south road and fence line to the west, a poorly defined occupation line runs east. Single proportionate measurements to north and south arrives at a point 26 feet north of the spike and in line with a drainage ditch which parallels the fence. Since the ditch appears to predate the fence, the fence and ditch were rejected as accessories to the government corner.

A one half inch iron pipe was placed at the proportioned location using the center of road as accessory to the corners east-west position.
