DOCUMENT NO. \_\_\_\_\_

STATEMENT OF EVIDENCE:

No records were found referring to this corner after its original placement by the U.S. Government Survey.

A 3/4 inch iron pipe was found 24 inches below grade at the intersection of an east-west road with fence line to the north. Measurements to opposing section corners support the conclusion that the found monument and accessories present to best evidence of an obliterated government corner.

A one half inch iron pipe was place above the found 3/4 inch pipe.
